

Meet your health care team member

Dr. Daniel Miller

Medical Director

Dr. Miller completed his medical degree from The Ohio State University College of Medicine and Public Health in 2002 and his Internal Medicine Residency at Riverside Methodist Hospital in 2005. After completing his residency, Dr. Miller joined MedOne Hospital Physicians where he practiced as a hospitalist at Riverside Methodist Hospital and Select Specialty Hospital until 2012.

In 2012, Dr. Miller started the MedOne skilled nursing program out of compassion and recognizing a need to serve the skilled nursing population in the Columbus area. He is dual Board Certified by the American Board of Internal Medicine in Internal Medicine and Hospice and Palliative Medicine. In his spare time, he enjoys spending time with his wife and five children as well as helping his wife rehabilitate wild animals.

MedBridge focuses on short-term patients requiring a higher level of medical care and rehabilitation.

We offer:

- **Complex medical care**
- **Intensive rehabilitation**
- **Skilled nursing**

Choose the
right team
for your **Road to Recovery**

Patients that are focused on making the most of their recovery after a hospital stay should strongly consider an inpatient stay at a skilled nursing and rehabilitation center that has a successful record of caring for their specific diagnosis. Our team is happy to meet with you and discuss our results and ability to help you make the transition from hospital to home as smooth as possible.
